

**2014/2015 Wastewater Collection System
Annual Report**

Permittee: Town of Leland
102 Town Hall Drive
Leland, NC 28451

Responsible person: Jimmy Strickland
Public Utilities Director/ORC
102 Town Hall Drive
Leland, NC 28451
Phone: (910)-332-4651
Fax: (910)-383-3219

Permit No.: WQCS00333 Name: Town Of Leland

The Town of Leland has over 4,739 sewer customers, 76.8 miles of 12", 10" & 8" gravity sewer lines, 5 miles of force main and twenty four lift stations in the collection system. The wastewater collected from the system is treated at the Northeast Treatment Plant operated by Brunswick County.

The Public Utilities Department is responsible for the daily operation and maintenance of the collection system. System Maintenance includes cleaning 10% of the system and daily monitoring of the lift stations.

The Town of Leland Collections Department had two reportable sewer spills from July 2014 thru June 2015. On December 24, 2014 sewer spilled from a manhole located in front of 1351 Grandiflora Drive in Magnolia Greens Subdivision. Spill was caused by heavy rain showers in a short period of time which caused the sewer system to be overloaded by inflow of rain water throughout the partners systems to the county's treatment plant. On March 17, 2015 AT&T contractor bored through a sewer force main located in front of 1313 Grandiflora Drive in Magnolia Greens causing an estimated spill of 500 gallons of untreated sewer reaching nearby storm water retention pond. The incidents listed above have all been address and corrected.

A public notice is placed in the local newspapers stating that copies of the annual report for the collection system are available upon request at the Town of Leland's Public Utilities Department. The report is also available on the town's website. The report is also being sent to the State of North Carolina by mail in July 2015.

I certify under penalty of law that this report is complete and accurate to the best of my knowledge. I further certify that this report has been made available to the users or customers of the named system and that those users have been notified of its availability.

David A. Hollis, Manager, Town of Leland
