RE: Planned Drainage Repair on Olde Waterford Way

Waterford Residents and Businesses

It has come to the attention of the Town of Leland that a catchbasin located near the intersection of Olde Waterford Way and Palm Ridge Drive is in need of repair. This work is planned for Tuesday April 25th and should take one day to complete.

While this work is taking place, the southbound (outbound) lane of Olde Waterford Way will be closed between Palm Ridge Drive and Olde Regent Way. Traffic will be redirected behind the Harris Teeter Shopping Center. You will be able to exit the development throughout the repair. We also encourage residents to exit the development by using Pine Harvest Drive to Grandiflora Dr.

If you have any questions you may contact Steven Spruill at sspruill@townofleland.com or 910-332-4652.

Thank you,

Steven Spruill
