

The Leland Cultural Arts Center offers several spaces for the creatively curious. Many of our rooms are multi-functional, expansive, and perfect places to teach a class or workshop.

Studio 1

Featuring a wide, spacious room with tons of natural lighting, our studio has 15 floor easels, a sink, and standard and youth size tables and chairs. In this room, instructors will conduct classes on many subjects, including (but not limited to) acrylic, oil, pencil, and other art materials at any given time.

Pottery Studio

This is a fully-functioning pottery studio with 3 Skutt km1027 kilns. We also have two industrial sinks, 8 Brent CXC wheels, a slab roller, an extruder, a spray booth with compressor and sprayer, and lots of smaller tools available for use. Generous work space is available for the novice or the advanced student, and we do have storage lockers for rent.

Dance Studio

Featuring a Marley sprung floor, full-length wall mirrors, and ballet barre, the dance studio hosts several classes in dance and yoga. Its wide, spacious interior allows for plenty of movement and has a full stereo system for any audio needs.

Classroom

Our media classroom is equipped with a state-of-the-art projector screen with a brand new projector, perfect for aiding in teaching with technical classes like digital photography and editing. It also has several standard and youth size table and chairs.

Studio 2

The LCAC has another spacious classroom for miscellaneous activities. Equipped with large work tables, natural lighting from several windows, ceiling mounted retractable power cords, and an ample amount of work space, this classroom is perfect for anything from jewelry making to watercolor classes!

Multi-Purpose Room

The multi-purpose room has a full projector screen, stage, and state-of-the-art tech loft perfect for theatrical performances and classes for teaching acting. Spacious and fully equipped for any kind of acting fun, the multi-purpose room is great for artist's talks as well as ballroom dancing classes!
