

# Ways You Can Conserve Water

**Town of Leland asks that you use water wisely. By following the recommendations outlined below, you may reduce the amount of water use.**

## **REDUCE IRRIGATION FREQUENCY**

For established lawns, daily irrigation is not required. Irrigate only when there is no moisture in the root zone

## **IRRIGATE DURING OFF PEAK HOURS**

Peak demand for water is between 5:00 a.m. to 10:00 a.m. and 4:00 p.m. to 7:00 p.m. If irrigation is necessary, irrigate during off peak times. This will help to ensure proper water pressure for more efficient irrigating.
