Permit No.: WQCS00333 Name: Town Of Leland

The Town of Leland has over 4,000 sewer customers, 41 miles of 12", 10" & 8" gravity sewer lines, 5 miles of force main and twenty four lift stations in the collection system. The wastewater collected from the system is treated at the Northeast Treatment Plant operated by Brunswick County.

The Public Utilities Department is responsible for the daily operation and maintenance of the collection system. System Maintenance includes cleaning 10% of the system and daily monitoring of the lift stations.

The Town of Leland Collections Department had no reportable sewer spills in the year 2011.

A public notice is placed in the local newspapers stating that copies of the annual report for the collection system are available upon request at the Town of Leland's Public Utilities Department. The report is also available on the town's website. The report is also being sent to the State of North Carolina by mail in January 2012.

I certify under penalty of law that this report is complete and accurate to the best of my knowledge. I further certify that this report has been made available to the users or customers of the named system and that those users have been notified of its availability.
