News Release Notification of Wastewater Spill in the Town of Leland Brunswick County

Issued: February 24, 2010
For Immediate Release

House Bill 1160, which the General Assembly enacted in July 1999, requires those municipalities, animal operations, industries and others who operate waste handling systems issue news releases when a waste spill of 1,000 gallons or more reaches surface waters.

In accordance with that regulation, the following news release has been prepared and issued to the media in the affected county (ies):

The Town of Leland had a wastewater spill on February 23, 2010 of 1,000 gallons of untreated wastewater that spilled into nearby storm drains which drain into Jackey's Creek.

The Division of Water Quality was notified of the event on February 23, 2010 and is reviewing the matter. For information contact Town of Leland, Town Manager Bill Farris, 910-371-0148.
