

Approved Caterers

For on-site catering, we recommend the use of a vendor listed within the Approved Caterers list. All paperwork is on file, and no additional costs will be added to the rental fees. Vendors not listed within the list will incur an additional \$150 fee and a possible delay in reservation confirmation due to additional paperwork requirements.

Non-approved vendors are welcome to complete the Approved Caterers Application but may not be utilized until all documents are approved and on file. Once on file, they will become a regular LCAC Approved Caterer.
