

Town of Leland Police Department Annual Report 2024

Message from the Chief

I cannot emphasize enough how honored I am to present the Leland Police Department's 2024 Annual Report. Our dedicated staff has continued to work diligently throughout the year to deliver service excellence and meet the evolving needs of our growing community.

In 2024, the department focused on expanding the skill sets of our entire team. This included joint training with other agencies, participation in the Unmanned Aircraft System program, and engagement in the FBI-LEEDA Trilogy program to provide leadership development opportunities at all levels within the department.

Everything we do is guided by our mission to provide excellent Police service through partnerships that reduce crime, create a safe environment, build trust, and enhance the quality of life in our community. We remain committed to delivering this service in an effective, responsive, and professional manner.

On behalf of the entire department, I would like to sincerely thank our community and Town Council for their continued support. Your trust and partnership are vital to our success. We look forward to another year of strengthening community relationships and continuing to implement best practices that ensure the safety of both our residents and our staff.

Yours in Service,

Jeremy Humphries
Police Chief

Background

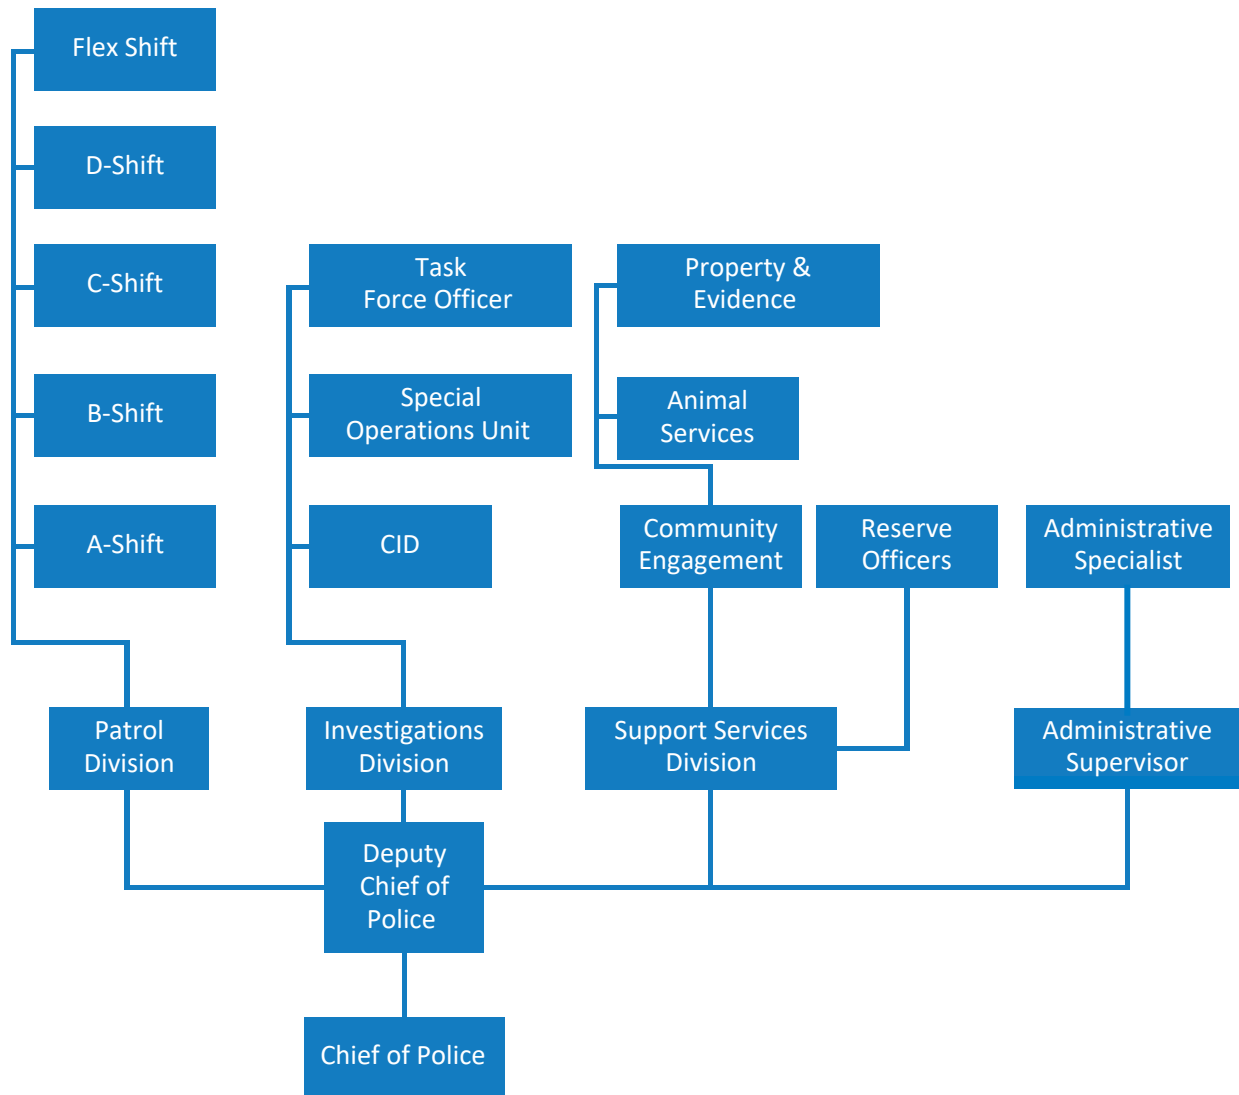

The Leland Police Department is recognized by the North Carolina League of Municipalities for meeting or exceeding industry standards and best practices in risk management for law enforcement.

As an active participant in the Cape Fear Regional Special Teams, the department works to reduce violent crime and provide Tier 1 support for critical incidents within Brunswick, New Hanover, and Pender counties. The department contributes officers to both the Drug Enforcement Administration Task Force and the U.S. Marshals Violent Fugitive Task Force to enhance their resources. A strong emphasis is placed on training, with officers averaging 80 hours or more, well exceeding the state-mandated minimum of 24 hours of in-service and continuing education training each year.

Deployment to Hurricane Helene

Leland Police Department officers were deployed to the Black Mountain community in western North Carolina, providing support for seven days following the widespread devastation caused by Hurricane Helene.

The focus of their deployment was to conduct house checks for individuals reported missing. Each day, officers received a list of addresses and were tasked with locating residents believed to be at those locations, documenting their findings, and assisting with follow-up actions as needed.

In addition to search operations, the team supported patrol efforts by delivering essential supplies and providing security for supply distribution points.
