PROGRAM SCHOLARSHIPS
Please see page 34–35 for scholarship information.

REFUND POLICY

- If participant registers online, a refund given for any reason is less the ActiveNet processing fee. The ActiveNet registration software charges a small but non-refundable processing fee for online registrations. The processing fee can be avoided if one registers in-person.
- The ActiveNet system does not allow users to register for a class using an account credit when paying online. When using an account credit, one must come into the center or call so we can apply the credit to the new registration.
- If participant chooses to have a credit placed on their account, there is no additional processing fee when the participant uses the credit in-person to register for a different program.
- Currently, credits do not expire and can be used for anyone on the participant’s family account.
- Cancellation/Withdrawal: Participants must cancel their enrollment a minimum of two weeks prior to the program start date to receive a full refund. Please note that this is only a portion of our refund, credit and transfer policy. Get complete details by calling the facility hosting the program.

Registration for programs in this CAPE begins at 9 AM on August 1, 2019.

A MESSAGE FROM OUR OPERATION SERVICES DIRECTOR

In late May, the demolition of the Recreation building and the former Parks and Recreation office in Municipal Park were completed. These buildings sustained damage during hurricane Florence and our Town Council elected to move forward with demolition. This is exciting news, as it means we move one step closer to the first phase of the Municipal Campus Master Plan. In the coming months we will begin the process to collect engineering design and costs associated with phase one.

However, Municipal Park is not the only site we are making progress with. The future Sturgeon Creek Park, located along South Navassa Road, will soon begin its initial master planning process. Over the course of the next several months, staff will be work with a consulting firm to complete this process, which will include community input meetings about what this future park site should include. Be sure to stay tuned to our social media channels and the Town’s webpage for updates on when those meetings will occur.

Aside from these big projects the Town is pushing forward with other items related to our adopted PROS Plan. You may notice some new programs in this guide that are derived from that plan. Programs that target the teen, tween, and youth populations, programs geared towards water safety, as well as offering programs in different areas of the Town. With an ever growing catalog of classes, programs, and parks I hope you will join us in one fashion or another. Please do not hesitate to reach out if you have something you would like to share. We are always looking for feedback.
