Project Update – March 12, 2021

Community Workshop #2

The second community workshop will be held virtually on Zoom on March 25, 2021 at 6pm. The virtual community meeting will include a presentation on the plan process, what we have heard from the community so far, and potential growth scenarios. Please join us by registering in advance using this

Public Survey #1 - Vision, Goals, Priorities – Closing Sunday March 21, 2021!

The first public survey asks your thoughts on the visions, goals, and priorities for growth in Leland over the next 25 years. The input is helping to guide statements in the plan about the vision of the future of Leland, along with the themes that are important to achieve that vision. If you have not yet, [please take the survey](#). You can also view [a live survey results dashboard](#) to see what input has been provide so far. This survey will close on Sunday, March 21!

Public Survey #2 – Future Growth Scenarios – Opening Soon!

The second public survey will ask for input on different ways that Leland could grow over the next 25 years to accommodate the anticipated population growth, housing needs, and commercial and service needs. The second survey will open after Community Workshop #2 occurs, and a link to the survey will be posted on the project website at www.Leland2045.com.

Public Engagement Hub

The Public Engagement Hub in Leland Town Hall is another way to provide input and learn more about the Leland 2045 project. As the project moves into the next round of public input being kicked off by Community Workshop #2, the Hub will be updated with the proposed environmental constraints framework and future growth scenarios. So we can ensure social distancing, please [contact us](#) to schedule a time to visit the Hub.

“My Perfect Neighborhood” Children’s Activity

We invite children of all ages to use their imagination and create what they think a perfect community should look like! Please encourage your children and grandchildren to be a city planner for a few hours and email or drop off their completed activity form. You can [download it here](#) or visit the Public Engagement Hub to pick one up along with a set of crayons, or provide your input in the Hub while the kids complete the activity!

Community Stakeholder Group Meetings

Meetings with representatives from stakeholder groups will begin this month. If you are involved in a group that is interested in participating, please [contact us](#) for more information.

Media Coverage

Our partners in the local media continue to help raise awareness and provide information about the Leland 2045 project. Please visit www.Leland2045.com for links to each article.

Project Progress and Next Steps

Round 1 of public engagement is coming to a close on March 21, 2021. The input will be used to shape the priorities and goals for the potential growth scenarios that will be presented during round 2 of public engagement, which begins with the virtual Community Workshop #2 on March 25.

The preferred growth scenario that is selected based on the community input during round 2 of public engagement will become the basis for the growth policies and action items in the Leland 2045 plan. The preferred growth scenario will be integrated onto an environmental constraints framework to determine where different growth and community styles should be placed within the Leland 2045 planning area.

How You Can Help

Leland 2045 is a community-driven plan! Here's how you can help:

- Visit the project website at www.Leland2045.com to learn more and stay updated.
- [Take the first survey](#) if you haven't already. The first survey closes on March 21!
- Help make other Leland residents aware of the project.

You are receiving this email because you registered for the first community workshop, requested to receive emails about the Leland 2045 project, or are involved in the project. If you no longer wish to receive these emails, simply reply with the word "stop" and you will be unsubscribed from Leland 2045 email updates.
